Daily Parents Routine

- Drop off from 8:30, school starts at 9:00.
- Pick up 16:00-16:15, gates close at 16:30.
- A quick & consistent separation is always better
- Big Hugs and Kisses and a loving 'see you soon'.

The first weeks are always difficult and the children will be upset to see you go but rest assured that this period is transitional, and in our safe and caring environment they will quickly settle with a nurturing routine.

N1 Class Communication

- Download the Seesaw Learning app
Sign in is with Gmail: _____@mystpeters.es
- Seesaw is a learning journal that keeps track of your child's learning
- It also allows you to contact your child's teacher. Please note that in line with our School Communication Policy Seesaw is only for practical issues, not for any concern of education issues.
- Feel free to like and comment on the posts.
- Teachers will not answer messages after school hours and will not answer any educational or behaviour concerns on the app. These have to be in email or in person meetings.

Birthdays

To celebrate the birthdays we:

- Do an afternoon snack 15:00 - 15:30.

You can bring fruit cut in big pieces (no cake)

You can bring balloons and a small party bag for the classmates (optional)

- Play some music for the children.
- Invite the parents to come enjoy the snack with their children.

A young child with short brown hair, wearing an orange long-sleeved shirt, is standing in a kitchen. The child is holding a small, light-colored wooden box in their hands. The background is softly blurred, showing a white shelf with various items, a framed picture on the wall, and a white chair. The overall atmosphere is warm and domestic. A large, semi-transparent blue shape is overlaid at the bottom of the image, partially obscuring the child's lower body and the kitchen floor.

Thank you!
