FAMILY INVOLVEMENT

- Each class has a “class host” responsible for the social parent Whatsapp group, inviting new parents into it, organising social events (only as desired!) and welcoming new families.
- Your class host is: Joy and Pablo (Sofia’s parents) joy.mz.zheng@outlook.com, Nasia Durville(Valentin’s mum) nasiadurville@gmail.com, Flavia Fonseca (Artur’s mum) semenowflavia@gmail.com. Anyone else would like to volunteer?
- We encourage parent and family involvement during the school year and will inform you of any opportunities such as story times, speaking about your country, celebrating your national/cultural holiday, cooking with us, sharing your knowledge during a unit of inquiry, etc.
- This doesn't have to be long! Even a 30 minutes morning visit to your child's class makes a big difference to your child.
- ReciCole: you can exchange uniforms and buy second hand ones (10th September 15:00-16:30)
- Any social events the school will be organising will be communicated via school email and you will be able to sign up via Reception

FAMILY INVOLVEMENT

- Some of the community events we have planned for this term:
 - 26th September, Use of Technology conference
 - October, Gothic Tour small group
 - November, International Day
 - Christmas Fair, St Jordi....
- Birthday parties: We don't allow cakes, but you are welcome to bring some fruit and some decorations, piñatas or games. Also please don't make lolly bags. Alternatives: erasers, little crayons, balloons, play dough tubes, anything from Tiger, key rings, pencils, raisin boxes, cactus plants, decorative soap bars, stickers or simply a handmade card.
- Workshops for parents in small groups called St Peter's Talks

INNOVAMAT MATHS

 Innovamat

- A dynamic mathematics program that goes beyond traditional teaching methods, offering a manipulative, competency-based, and meaningful approach
- The importance of manipulatives in the learning process. Manipulatives are physical objects used as teaching tools to engage students in hands-on learning of mathematics.
- Workshops: teachers guide the entire group through a sequence of experiential and manipulative activities, building and sharing new knowledge collectively.
- Spaces: interdisciplinary and manipulative corners presenting a diverse range of mathematical challenges. In these spaces, children put their knowledge into practice, engaging in self-directed learning and autonomous exploration.

PHONICS PROGRAM

- o We will be introducing sounds, blending and first readers.
- o Heggerty pre phonics
- o Miss Tracey Stanbridge from F5 is responsible for reading levels and is the program coordinator.
- o Resources you can get for home learning: RWI cards
- o Used picture books in English are available on Amazon for a small price if you feel like you need to extend your collection.
- o We will have workshops where you can find out more how to read with your child at home.

COMMUNICATION

- Download the Seesaw Learning app, you received an invitation in your email. Create a new Family account using your personal email.
- Seesaw is a learning journal that keeps track of your child's learning.
- It also allows you to contact your child's teacher. Please note that in line with our School Communication Policy Seesaw is only for practical issues, not for any concern or education issues.
- Feel free to like and comment on the posts.
- Great opportunity to talk about the school with your child.
- Teachers will not answer messages after school hours and will not answer any educational or behaviour concerns on the app. These have to be in email or in person meetings.

HEALTH POLICY

As a general rule for all illnesses that cause fever, **STUDENTS MUST STAY FEVER-FREE FOR 24 HOURS** before returning to school.

Below are the criteria for returning to school for some of the most common infectious diseases at school age:

- Diarrhoea:** You can return between 24-48 hours after the last diarrhoeal stool.
- Pediculosis (head lice):** They can return to school when they no longer have head lice and have undergone anti-lice treatment.
- **Conjunctivitis:** If it is suppurative, they can return to school 24 hours after starting the treatment. If it is not suppurative, he/she can come to school normally.
- Chickenpox:** Until all lesions have crusted over or at least 6 days after the onset of the rash.
- Bacterial tonsillitis requiring antibiotics:** 24 hours after the start of antibiotic treatment.

If families or pupils notify you of any illnesses that are not listed, please contact me, as there are more illnesses that exclude pupils from the school.

HOW TO SUPPORT YOUR CHILD

- **Always work towards independence**
 - **Aim for a sense of order**
 - **Encourage good manners**
- **Use the time in the evening to rest and recharge**
- **Attend parent workshops or read the presentations from them if you can**
 - **Know the current Unit of Inquiry we are working on**
- **Every child is unique with their own strengths, do not compare**
